

# welcome home.

Let's change the world.

## Mobile Developer Android

At Runtastic we believe in helping people improve their fitness and overall health. Moreover, we believe in creating an exciting work environment in which we can thrive **personally, professionally...** and **even physically**. Team members from all over the world get together in our inviting offices to tackle **unusual and fascinating challenges** every day. We offer **a number of benefits** and let our creativity run wild on our **Days of New Ideas**. Because only if our employees are happy can our hundreds of millions of users be happy too.

 **FULL TIME**

 **LINZ, VIENNA**

### YOUR MISSION

As part of our young, smart and motivated *Android* team you will write code used by millions of users worldwide. Your work will consist of:

- Development on the cutting edge of *Android* frameworks
- Conception and implementation of mobile apps
- Collaboration with designers, engineers as well as product managers to design and ship new features
- Technical architecture decisions, with your colleagues
- Mentoring of junior developers and interns
- Implementation of innovative ideas to challenge yourself and others

Furthermore, you can benefit from the company's contacts to *Google* and *Facebook*.

### YOUR PROFILE

- At least 2 years practical experience with *Android* development and expert knowledge of *Java* and *Android* frameworks
- Enthusiasm for Kotlin (first practical experience is a plus)
- Excellent skills in writing a clean and maintainable code as well as outstanding problem solving skills
- Preferably, a degree in (Mobile) Computing, Information Technology, Computer Science or a related field (higher technical institute or university)
- Very good German and good English skills OR very good English skills (written and spoken)
- Self-starter, fast learner and motivated team player willing to work in beautiful Austria
