

welcome home.

Let's change the world.

Operations Engineer

At Runtastic we believe in helping people improve their fitness and overall health. Moreover, we believe in creating an exciting work environment in which we can thrive **personally, professionally...** and **even physically**. Team members from all over the world get together in our inviting offices to tackle **unusual and fascinating challenges** every day. We offer **a number of benefits** and let our creativity run wild on our **Days of New Ideas**. Because only if our employees are happy can our hundreds of millions of users be happy too.

 **FULL TIME**

 **LINZ, VIENNA**

YOUR MISSION

You will be part of our highly skilled and motivated Infrastructure team which takes care of and is in love with the following:

- Linux and Open Source (Ubuntu, Redhat, NGINX, Apache, Rabbitmq, Zookeeper, Bind, ELK, etc.)
- Container (Openshift)
- Automation (Chef, Terraform, Ansible)
- Databases (MongoDB, MySQL, Redis, Elasticsearch - you name it we use it)
- Network (SDN - Cisco ACI)

You will not necessarily work in all the fields mentioned, but delve into several of them according to your interests and skills.

YOUR PROFILE

- Experience with the infrastructure areas mentioned (the more profound, the better)
- Preferably a degree in Computer Sciences or a related field (higher technical institute or university)
- Enthusiasm for any flavor of Linux
- Ability to think outside the box and actively look for improvements to our infrastructure
- Willingness to try out new technologies and approaches
- Very good German and basic English skills OR very good English skills (written and spoken)
